MEDIA Release

"ENERGY" TO HEADLINE WEST TEXAS LEGISLATIVE SUMMIT

The San Angelo Chamber of Commerce and State Representative Drew Darby will once again host the West Texas Legislative Summit August 5-7. This year will be the 11th annual Summit, and the topic will be "Energy in West Texas."

The West Texas Legislative Summit is designed to pull West Texas community leaders and elected officials together in a forum that allows discussion of West Texas issues. Elected officials and industry experts will be on hand to share information about the opportunities and challenges related to the energy surge in our region.

This year's Summit has been expanded to a day-and-a-half itinerary in order to fully explore the topic, and an energy trade show has also been added. The San Angelo Energy Expo will run throughout the Summit.

The Legislative Summit will be held at the McNease Convention Center, 500 Rio Concho Drive.

Registration for the Summit is open to the public, and is specifically targeted to West Texas communities. For more information or registration information, contact the San Angelo Chamber of Commerce at 325-655-4136 or register online at www.sanangelo.org (West Texas Legislative Summit link). Early registration discounts are available through July 21st.
